

Modern Networks PC Rental services provide you with PC and laptop computers on a flexible and cost-effective 30-day rental agreement.

PC Rental is an attractive, flexible alternative to outright PC purchasing where you only need computers for short periods, such as training, travel, events and seasonal business activity. Enables you to manage a tight budget more efficiently, only paying for services you actually consume.

Delivery

Please contact a member of the sales team to quote for this service. Typically, allow five working days for delivery subject to availability.

Terms of Service

This service is available on a 30-day rental agreement. The device remains the property of Modern Networks Ltd. Next Business Day onsite repair or replace warranty.

Features & Benefits

- ✓ Attractive alternative to PC purchasing
- ✓ Latest PCs and laptops
- ✓ Cost-saving and tax efficient
- ✓ Flexible and convenient – simply return when not needed.

All computer peripherals sold separately. Additional services such as desktop support available on request. Data migration charged at an hourly rate.
