

Desktop Support

Modern Networks service desk is your first point of contact for all IT issues and requests, providing remote technical support for PCs, Macs, laptops and peripherals from our UK-based offices.

Your staff want access to the technology they need to do their job, and they want that technology to work. If it doesn't work or they need something new, our Service Desk is there to deal with any query quickly and courteously.

Delivery

You can contact our team by email and telephone during office hours. We also offer an out-of-hours service.

Please contact a member of the sales team to quote for this service.
