

Managed Backup Microsoft 365

SERVICE SUMMARY

Microsoft 365 provides powerful services within Office 365 – but a comprehensive backup of your Office 365 data is not one of them. Modern Networks Managed Backup Microsoft 365 reduces the risk of losing access and control over your Office 365 data, including Exchange, SharePoint, OneDrive, Teams and Dynamics – so your data is protected and accessible. Our solution is fully managed, so we will handle all aspects of your service from backup setup to data restoration.

KEY BENEFITS

- Comprehensive Office 365 data protection
- Multiple daily backups of your Office 365 data
- 99-year data retention and unlimited data
- Point-in-time data recovery.

VALUE STATEMENT

Many businesses have adopted Microsoft's cloud-based Microsoft 365 platform, transforming the way organisations operate in positive ways. However, Microsoft routinely state they do not provide comprehensive backup, leaving businesses exposed to valuable data loss and vulnerable to cyber-attacks. Modern Network's Managed Backup Microsoft 365 aims to help in solve these challenges through a combination of people and technology.

- Reduce risk of Office 365 data loss
- Fully managed service
- Simple pricing with no hidden fees
- Rapid data loss recovery.
